Computer Skill Set

Programing Languages

- C and Data Structure
- C++
- Java and J2EE
- HTML and CSS and JavaScript
- PHP and MYSQL
- Node.JS and Angular.JS
- Bootstrap
- BIGDATA (Hadoop - MapReduce)

Tools and App's

- Sublime Text
- Wamp Server
- Eclips IDE
- MS Office
- Git Bash
- Adobe Premiere
- Adobe Photoshop
- Adobe Illustrator

Operating System

- Windows
- Linux (Ubuntu and Fedora)

Education

Bachelor of Engineering in Computer Science, June 2017

⊙ SDM IT, Ujire | Aggregate : **60%**

Pre-University College, March 2013

⊙ SDM PU College, Ujire | Mark : **60%**

SSLC, April 2011

⊙ SDME High School, Ujire | Mark : **77%**

Academic Projects

A Final Year College Project   (February-2017 to June-2017)

- **Title** : "An Optimized Map-Reduce Framework for Small Files: A case Study of Weather Data".
- **Technology** : Big_Data and Analytic concept (Hadoop-MapReduce).
  - ⊕ This is a team project of Four members (me and Chithanya, Dhavala, Arun).
    The project is to find a beter solution for the operation on a collection of a larg number of small files. We compared our approch (Sequencial File) with the old proposed approches (Hadoop and Hadoop Archives) and we find that our approch is much more efficient than the old approches.

A Third year Project   (March-2016 to May-2016)

- **Title** : simulation of an "color fan".
- **Technology** : Project in OpenGL software package on .
  - ⊕ This is a team project of Two members (me and Anargya).

🎨 Personal Projects

A Real Time Project   (July-20-2017 to August-9-2017)

🗔 **Title :** Web Design and Development for "A Movie Booking Application".

📶 **Technology :** HTML5, CSS3, Bootstrap, NodeJS, AngularJS, MySQL.

🔧 **Tools :** WAMP Server, Sublime Text3, GIT Bash, Adobe Illustrator.

⊕ The main objective of this project is to create a online movie ticket booking website that enables customer to book a ticket for a movie with very fast access and many factor's about the movie that helps the user to know about the movie and book a ticket.

⊕ This website consists of Header, Container, Footer and other factor's like 'Now Showing Movie' and each 'Movie Details' with all information about the movie and a 'Booking Page'. And there is a nevbar field with index, about, images and videos links.

✅ ACTIVITIES

⭐ Participated in **"TECTRONICS"** workshop & **"Entrepreneurship awareness"** training program.

⭐ Attended for **"JAVA basic and advanced"** training class & **"Big_Data and Analytic"** workshop.

⭐ Love **Photography** as my Hobby.

⭐ Interested in **Web designing and development** , **drawing** , **singing**.

⭐ Worked as a coordinator for **Tech-Mahindra**.

⭐ Involved in the **Social** works.
